## About

Elite Harvest Maroc (EHM) is one of the leading producers and distributors of fresh fruit in the region. Our primary objectives are quality and affordability. We grow, source, import and market a wide range of high-quality agricultural products through the use of world-class technology and an effective distribution chain. We also prioritise the economic use of our precious natural resources - water, energy, and land. With the benefit of regional knowledge and expertise, and with strategic investment in modern machinery and specialist training for labour, Elite Harvest Maroc is increasing output across its farms, situated at Kenitra, Fes, Sefrou, Marrakesh and Beni Mellal. A wide range of fruit is grown in five locations.
