Bulungan Bakal Bertambah 4 SPBU

(<https://rakyatkaltara.prokal.co/read/news/21582-bulungan-bakal-bertambah-4-spbu.html>)

TANJUNG SELOR - Dozens of workers held a demonstration at the Governor's Office of Kaltara, Jalan Agatis, Tanjung Selor, Bulungan, Monday (20/7).

These workers come from the General and Informal Construction Federation (FKUI) which is part of the Confederation of the Indonesian Prosperous Workers Union (KSBSI) in Bulungan Regency.

Workers came in full uniform. They arrived using cars and motorbikes with props conveying their aspirations with the words 'We Ask for Justice'.

Chairman of the FKUI-KSBSI Branch Management Board (DPC), Mesra at that time acted as field coordinator conveying two points of demands. He considers that workers get discrimination in their work.

"Our arrival here asked the government to bring in company management, because it has dismissed plantation workers without clear procedures," said Mesra.

The companies in question are PT TH Felda Nusantara, PT Usaha Kaltim Mandiri, and PT Anugerah Kembang Sawit Sejahtera. The three of them operate in Tana Tidung Regency. The workers think that the company has so far seemed to be indifferent to their aspirations.
