Lamandau, Dayak News. Hundreds of oil palm plantation company employees demanding salary came to the DPRD Lamandau Regency, Central Kalimantan (Central Kalimantan).

Demonstration employees came from two oil palm plantation companies, PT Gemareksa Mekarsari and PT Satria Hupasarana (SHS), which are companies under the auspices of the Malaysian State-Owned Enterprises (BUMN) to protest at the Lamandau DPRD.

...thing was conveyed by Nahan, an employee of PT. Other mutual love. He considered that the late payment of salaries that he is currently experiencing is too much.

"Meanwhile, we ourselves don't know how long we have to wait for certainty on our salaries to come out. We need food, we need money to meet our family's daily needs," he said.

Nahan said that actually he and hundreds of other employees did not demand or ask for much money. But only asking for the salary that is due to him be paid. Salary matters, said Nahan, were stomach problems.

"Please, sir, help us so that the company takes concrete steps so that our salaries can be paid immediately," he hoped.

Lamandau DPRD Chairman H Tommy Hermal Ibrahim stated that he felt what the employees felt.

The Golkar party politician also admitted that recently his party had received information regarding the problems that occurred at PT. Gemareksa Mekarsari and PT SHS, resulting in delays in paying employee salaries.

"A few days ago, the Regent and I met with the leadership of PT. Gemareksa, we also get an explanation that the root of the problem is not actually at the level of the management of PT. Gemareksa Mekarsari and PT SHS. However, because there are problems at the central level (the Malaysian royal government), they are still waiting for a decision from the center," he said.

However, Tommy emphasized that on the other hand the regional government also considered the problem of arrears of employee salaries very serious. So, we will also be very concerned and serious about handling this problem.

"The steps we will take are looking for solutions, at least for short-term solutions. However, we cannot say the solution now, we will say it comprehensively later on January 28, because we will hold a Hearing Meeting (RDP) together with local governments, related agencies, companies, and also involve company employees," he explained (Dayak News / PR / BBU).
