NANGA BULIK - Central Kalimantan Governor H Sugianto Sabran has received a report regarding a land dispute between PT Satria Hupasarana (SHS) and the people of Bukit Raya Village, Mentohi Raya District. The company said that the land for transmigration and local residents was annexed.

After going through several hearings and appeals to cassation, until the issuance of the Supreme Court decision, the decision was not immediately executed. Because of that, Sugianto visited Lamandau. He immediately started to notice the presence of banners posted by residents at the entrance to the PT SHS company garden.

"I asked PT SHS to stop operating first! If we are still brave, we will do it. Wait until the owner arrives and can solve this problem," said Sugianto Sabran at the PT SHS entrance which was sealed by residents.

At that time Sugianto called someone from his cellphone and confirmed to someone on the telephone line, not to defend the company and to solve the problem immediately.

The governor looked furious, because at the company gate there were several billboards installed by residents. The billboard on a white background contains the decision of the Supreme Court (MA) Number: 2979K / Pdt / 2013.

It contained, rejecting the petition for cassation from the petitioner PT Satria Hupasarana, punishing the cassation applicant / plaintiff / appealed, to pay a court fee of Rp. 500 thousand.
