CorredorAgro Lda

Overview

Employee Insights

Corredor Agro is a Mauritius registered partnership between Rift Valley Holdings (www.riftvalley.com) and Matanuska Mauritius Ltd.

Rift Valley and Matanuska are significant players in 4 countries in the region, growing bananas, tea and coffee, citrus, grains, copra and timber. They have jointly developed a large scale banana operation at Nampula province, Mozambique.

Corredor Agro will initially leverage off this presence in Mozambique, where Corredor Agro Limitada (CAL) has been established. Our objective is to add value in the agricultural supply chain by linking small scale farmers to finance, better seed and nutrients, logistics and markets.

Initially focused on grains, oilseeds and pulses, we will contribute to making agricultural produce from the region more competitive and more accessible to corporate buyers further down the value chain.

Skill set of team includes agronomy and soil science, large and small scale farm management, capital raising, product marketing.

Specialties

Grains and Oil Seeds, Technical Assistance to Small Scale Agriculture, Market linkage
