Agroprosperis Group is the biggest producer and exporter of crops in the Black Sea region. Every year, we finance and export over 3 mln tons of wheat, corn, soya, rapeseed, and sunseed.

Agroprosperis Group is the first company to provide Ukrainian crop producers with access to global farming resources.

We offer a complete package of goods and services to finance, grow, store and export crops into world markets.

Agroprosperis Group exports crops and plant-based processed products to 35+ world markets. The commercial operations are managed through offices and trading houses located in Kyiv, Ukraine; Nicosia, Cyprus and Zug, Switzerland.
