📄 Overview

Amtaar is the largest scale agricultural investment in Sudan. Amtaar is a joint venture between the UAE based, Jenaan Investment and Republic of the Sudan, represented by the Ministry of Agriculture, Ministry of Finance, Ministry of Investment and the Central Bank. Amtaar’s ownership is 60% Jenaan Investment and 40% Sudanese Government Mission : Our mission is to create a sustainable agro-business by tackling food security issues through innovative agricultural measures. Amtaar seeks to be a leader in the development, cultivation and production of forage, grains and other crops, vital to the world’s food security. Through our research and development

facility and state-of-the-art irrigation system we look to foment agricultural advancements and support the locale Sudanese community. Amtaar's fundamental task is to pioneer the industry by using the latest technological advancements in agriculture and to successfully produce the highest quality product. Vision : To become a global leader in food security.
