## CGNEI to Train Hundreds of New Energy Engineers for Laos

2023-08-18

A A A

On August 17, CGNEI and Yunnan Land and Resources Vocational College signed a cooperation agreement on personnel training. Both parties will carry out college-enterprise cooperation to train hundreds of new energy professionals for Laos.

The college-enterprise cooperation aims to train professional teams for the CGN clean energy base project in northern Laos, and help Laos improve the skills and employability of personnel in the new energy industry.

▲ Signing Ceremony of Cooperation Agreement on Personnel Training for the Clean Energy Base in Northern Laos

Witnessed by Zhao Derong, Deputy Director of Education Department of Yunnan Province, and Chansouk SENGPHACHANH, Lao Deputy Minister of Industry and Commerce, CGNEI and Yunnan Land and Resources Vocational College signed a cooperation agreement. According to the agreement, both parties will, according to

the actual needs of the construction and operation of the base project in northern Laos, and in combination with the needs for the improvement of comprehensive capabilities and skills of local employees, carry out apprenticeship training, on-site engineer training and student internship programs with Chinese characteristics, and carry out special skills improvement training for the local employees in Laos in batches.
