

GOLDBECK SOLAR: Gateway of solar energy Large-scale photovoltaic systems – for commercial and industrial use

Rely on 20 years of experience in the generation and supply of clean energy – nationally and internationally. We are your gateway to solar energy. Your partner for the entire value chain from planning to realization and operation to maintenance of your commercial or industrial photovoltaic system. We develop your solar plant turnkey, sustainable, well thought-out, profitable and individually tailored to your requirements.

IT'S TIME FOR CLIMATE ACTION

„Sooner or later, the development goes to the right. When it comes to energy, the right thing is solar technology, because the sun is the cheapest source of energy today. This technology is scalable from small to large, clean, low maintenance, visually unobtrusive, and they can be used anywhere.“
