Company Overview

Singapore

Hanwha Energy Corporation Singapore Pte. Ltd. (HECSG)

50 Collyer Quay, #04-02, OUE Bayfront, Singapore 049321

CEO	Hee-Cheul Kim
Category of Business	Electricity generation / Steam and hot water supply
HQ Address	411, Hannuri-daero, Sejong-si, P
Gunsan Plant	1222 Oehang-ro, Gunsan-si, Jeo South Korea

Capital KRW 67.7 Billion

Yeosu Plant 145 Sandanjungang-ro, Yeosu-si, Jeollanam-do, South Korea

- Business Areas**
- Development, production, transport, distribution, and sales of energies including group energy, renewable energies, and resource development
 - Installation and operation of energy supply facilities
 - Investment in other energy related businesses

SOLAR POWER GENERATION

Our expansion into the solar generation business to provide clean energy using solar energy is our commitment to develop

COMBINED HEAT & POWER PLANT

Singapore

 **Hanwha Energy Corporation Singapore Pte. Ltd. (HECSG)**

50 Collyer Quay, #04-02, OUE Bayfront, Singapore 049321

LNG BUSINESS HYDROGEN FUEL CELL POWER

Hanwha Energy is investing in future-ready energy for a sustainable environment.

02 —
Vision

in clean energy solutions and innovative convergence of technologies

Hanwha Energy will work toward a better tomorrow.
We are committed to make a cleaner planet
by exploring clean energy solutions and converging technologies.

50 Collyer Quay, #04-02, OUE Bayfront, Singapore 049321

Milestones

2022.05

Completed the construction of 155MW LSS3 (Large Scale Solar 3) solar power plant in Malaysia

2021.01

2021.10

Completed the construction of a (Frequency Regulation) ESS Plant

Singapore ✕

Hanwha Energy Corporation Singapore Pte. Ltd. (HECSG)

50 Collyer Quay, #04-02, OUE Bayfront, Singapore 049321

Sold 50MW solar power plant in Amarenco Solar Limited

Completed the construction of a LSS2(Large Scale Solar 2) solar power plant in Malaysia

2020.10

Publicly launched electricity retail business, Imagina Energia, in Spain

2020.06

Completed the construction of the ultra large-scale by-product hydro power plant (Daesan Green Energy)

2020.02

Publicly launched electricity retail business, Nectr, in Australia

2019.12

Won a 155MW solar power generation contract (LSS3 (Large Scale Solar 3) in Mexico)

2019.09

Began the construction of a 120MWh FR (Frequency Regulation) ESS project in Ireland

Secured electricity retailer authorization from Australian Energy Regulator

2019.07

Completed the construction of a solar power plant in Mexico

Entered the electricity energy retail market in the U.S.

2019.01

Won a 66.7MW solar power generation contract and a 208MWh ESS bid in Hawaii, the U.S.

power plant in Japan

2018.01

Began construction on a 236MW solar power plant in Texas, the U.S.

2017.12

Launched a 48MW solar power generation business in Malaysia

2017.07

Won contract to build an 89MW solar power generation and an 83MWh ESS (Energy Storage System) in Guam

2016.12

Signed a 402MW Power Purchase Agreement (PPA) in Nevada, the U.S

2016.06

Began project to build solar power plant to generate 211MW in India

2015.12

Entered the 32MW solar power generation business in Turkey

2015.01

Began operation of a 24MW cogeneration power plant in Kitsuki, Japan

2014.09

Launched a global solar power generation business

2012.11

Established Hanwha Energy

2007.12
