[Show all](#)

Becej, February 24, 2021 - Property and legal relations in connection with the "Fantast" castle, the associated buildings and the plot, involved in the restitution process, at the request of Matica Srpska.

Since the bankruptcy procedure in 2016, PIK Becej voluntarily maintained this cultural and historical heritage of the state of Serbia until the end of the restitution procedure. In the last 5 years, around 250,000 euros have been invested annually in the functioning of the palace complex "Fantast" and its accessibility to the public.

March 1. be provided at the expense of PIK Becej.

As a socially responsible company, PIK Becej additionally offered all employees in the castle another job within this agricultural system.

We hope that the competent authorities will speed up the final decision in the restitution process so that Fantast Castle gets its owner and is reopened to visitors.
