- **[Globeleq](#)**

Globeleq is a leading developer, owner and operator of independent power projects in Africa. We develop economically sustainable businesses that contribute to the continued development of the electricity sectors on the continent. Currently, Globeleq owns, operates and has investments in eight power plants located in Tanzania, South Africa, Cote d'Ivoire, Cameroon and Kenya, with a gross capacity of 1,237 MW and another 2,000 MW in development. Globeleq is a power industry leader and is committed to providing safe, reliable and cost effective grid connected power, significantly contributing to the social and economic growth on the African continent.

- **Old Mutual Life Assurance Company**

Old Mutual Life Assurance Company (South Africa) Ltd (“OMLACSA”), holds a portfolio of assets known as the IDEAS Managed Fund. This 5.5 billion Fund invests in economic infrastructure (roads and railways), social infrastructure (housing and public private partnerships) and renewable energy infrastructure (solar and wind projects). While infrastructure investments are vital for economic growth and have tangible social and environmental impacts, the fund targets those investments with potential to deliver strong long-term returns. The IDEAS Fund seeks to achieve not only financial returns but simultaneously social and environmental objectives.
