Plantations Et Huileries Du Congo S.A.R.L. Key Developments

Plantations et Huileries du Congo Secures \$49 Million Term Facility for Palm Oil Operations

Dec 22 15

Plantations et Huileries du Congo SA has entered into a secured term facility agreement (the Facility) for up to \$49 million with a syndicate of European lenders consisting of four Development Finance Institutions (DFIs). The financing allows the DFIs to contribute to the development of poor rural areas through supporting the private sector; an important engine for employment and income in developing nations such as the DRC. DEG - Deutsche Investitions- und Entwicklungsgesellschaft mbH ("DEG"), lead arranger and agent for the syndicate, has agreed to provide \$16.5 million of the Facility. Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V. (FMO), the Dutch development bank, has agreed to provide \$16.5 million, the Belgian Investment Company for Developing Countries (BIO), the Belgium Government's DFI, has agreed to provide \$11 million and the Emerging Africa Infrastructure Fund (EAIF), a facility of the Private Infrastructure Development Group, has agreed to provide \$5 million of the Facility (collectively the "Lenders"). The purpose of the Facility is to finance investment into equipment, replanting, fertiliser and environmental and social governance ("ESG") expenditures required as part of the rehabilitation of PHC's three palm oil plantations in the Democratic Republic of the Congo (the DRC).
