A true flag of Portugal in the world.

The Company currently has four industrial units in Portugal with an annual installed capacity of 1.6 million tons of paper, 1.5 million tons of paper pulp and 2.5 TWh/year of electrical energy.

The Navigator Company is the first national producer of green energy from biomass. More than 50% of the energy produced in Portugal, from this renewable source, is generated by the Company.

Results obtained thanks to the effort and dedication of a team made up of around 2,660 employees and thousands of partners, particularly in the forestry, logistics, engineering services and industrial maintenance sectors.
