Guangdong Guangken Rubber Group Co., Ltd (GKR) is founded in 2002, and is a state-owned multinational conglomerate integrated with natural rubber planting, processing, sales and R&D.

With a registered capital of RMB 2 billion, total assets of over 10 billion and annual revenue of 10 billion. GKR has more than 60 natural rubber planting, processing and trading enterprises, 2 scientific research organizations and 32 rubber plantation bases and farms at home and abroad. GKR extends its domestic industry to the main rubber producing and trading & distributing areas such as Yunnan, Hainan, Shandong and Shanghai, centering on Guangdong Agribusiness area. The overseas projects are concentrated in Southeast Asian countries including Thailand, Malaysia, Indonesia, Cambodia, Laos and Singapore. In 2016, after the successful acquisition of the world's third largest natural rubber company Thai Hua Rubber Public Company Limited, GKR accomplished to be the largest multinational rubber industry chain group in the world, with the capacity of processing 1.5 million tons of natural rubber per year and 1.5 million mu rubber plantation area.

GKR is a national key leading enterprise for agricultural industrialization and Guangdong Model Enterprise. It has won honors such as "The Second Prize for National Scientific & Technological Progress Award", "Credible Rubber Service Provider" of China Rubber Industry Association, "China Top Ten Rubber Trade Enterprises" as well as other National and Guangdong Brand Products. Many of our plants have been recognized and certified by international tire enterprises and ISO management system standards. Several varieties have obtained the certification of futures trading brand in Singapore, Tokyo and Shanghai.
