General Manager of Serbia, Zijin Copper, Mr. Zou Gang. Thanking the hosts and organizers for the award, he said: – **Three years ago, Zijin Mining Group took over RTB Bor and decided to start a large investment cycle in order to apply the leading standards in the field of production and business operations, technological innovations, safety and environmental protection, social responsibility in the Majdanpek and Bor copper mines. The number of employees increased from 4,900, as many as worked in the former RTB in 2018, to over 6,000, therefore the employment rate of the local population is 97 percent. Hoping to further boost the economy and employment, Serbia Zijin Copper has entered into business cooperation with a number of local companies in the field of engineering design, construction, technical services, so that more than half of the population in Bor and Majdanpek directly or indirectly benefits from the company. Today, the company is also provided services by more than a thousand home suppliers and contractors, therefore it is estimated that it has provided employment for about 8,000 people at the local level.**

Serbia Zijin Copper, Mr. Zou Gang added, pays great attention to the sustainable development of the environment in which it operates. Believing in building good relations based on dialogue and mutual trust, it seeks to identify its needs and problems in contact with the local community. In light of sustainable and constructive cooperation, the Company actively supported the development of local communities in the territories it operates, and set aside over \$750,000 last year to improve health conditions, traffic infrastructure, culture, education, traditional art and entertainment for children. The company has also helped the development of various spheres of the social community in the last three years with over 2.3 million dollars.

– **It should also be said that in order to help Serbia in the fight against the pandemic, the company, together with Serbia Zijin Mining, donated to relevant republic institutions medical equipment and protective**
