Arab Company for Crop Production

Establishment:
Established in 2003 near Atbara town, River Nile state, some 300 km to the north of Khartoum with total farm area 20,000 feddans irrigated from the Nile.

Objectives and products:
- Production and export of 68,000 tons of dried alfalfa.
- Production of 4.5 thousand tons of wheat and 4 thousand tons of groundnuts for the local market.

Capital and shareholders:
Authorized capital is US$ 30 million and paid up capital is US$ 18 million. Shareholders are:
- AAAID 52.76%.
- Rawabi Co, UAE 47.24%.

Strengths:
1. Availability of irrigation water directly from the Nile, and the availability of natural drying advantage (sun).
2. Availability of local and foreign markets.
3. Wheat production by the project contributes to food security.
4. Ownership of advanced production technologies.
5. Possibility of future expansion and diversification of production.
6. Appropriate location of the project.
