Almutamysa for Vegetables and Agricultural Crops Production

Established in 2008, after its detachment as one of the units of the Arab Co for Agricultural Production and Processing, in an area of 3,414 feddans along the River Nile some 10 km to the south east of Khartoum.

The company produces vegetables in open fields, vegetables off season in greenhouses, fodder and provides cold storing (2,500 tons) and packaging (three lines).

Authorized capital is SDG 100,000 and paid up capital is SDG 12,000. Shareholders are:

- AAAID 42.5%.
- Government of Sudan 20%.
- Governments of KSA, Iraq and Kuwait 12.5% each.

Strengths:

1. Distinguished location of the company and only 10 km away of the densely populated Capital city, Khartoum.
2. Products of the company enjoy good reputation, locally and in foreign markets. For a long time it was the first and sole producer and exporter of Gallia melon to Europe.
