Business profile

Agroton is a diversified vertically integrated agricultural producer in Eastern Ukraine. The Group’s core business is crop production, comprising principally sunflower seeds and wheat, as well as the processing, storage and sale of such crops. In addition, the Group is engaged in livestock and food processing.

In 2001-2009, Agroton tripled its harvested area from 41,000 hectares to almost 140,000 hectares. At present Agroton harvests 151,000 hectares of "black soil" arable land, operates storage facilities with a combined capacity of 285,000 tonnes, and produces and sells high quality livestock.

Currently, Agroton is the fourth largest producer in Ukraine and sixth largest producer in Europe by harvested land among publicly traded agribusinesses.
