## WHAT IS BAALO

The Bulgarian Association of Agricultural Land Owners is an association which proclaims innovative ideas and realizes projects in the sphere of agriculture. It is established by seven corporate partnerships, which invest in agricultural land. They own commonly over 1 000 000 dka agricultural land.

The main purposes of BAALO are as follows:

1. Acceleration of the process of concentration and re-allocation of agricultural land.
2. Effective utilization of agricultural sources.
3. Creation of conditions for the modern development of Bulgarian agriculture
4. Maintenance of active co-operation with the other participants in agricultural relations, mainly lease-holders, owners and the government in the face of The Ministry of Agriculture
5. Establishing of sheer, regulated and liquid market by making general system for management and granting on lease the lands, which are property of the associations - members of BAALO

Such united policy is orientated to improve the relations between the users and the owners of agricultural land in addition to the government as the biggest owner of land. The main activity of each of the associations- members of BAALO is directed to purchase, concentration, re-allocation and renting and granting on lease agricultural land.
