

## CARACAL ENERGY - Chad

Construction of gas and oil pipelines

Pipelines of the Mangara & Badila Field Development constructed in 2013 include the following:

- Approximately six (6) off, DNI 50, oil field flow lines connecting field wells to Gathering Stations at Mangara and Badila
- Two (2) off DN300, Trunk Lines from the Satellite Stations, one each to the Central Production Facility (CPF) and Griffiths Sales Terminal (GST)
  - DN300, 97.3km, Wet Oil Pipeline between the CPF to the GST
  - DNI 50, 97.4km, Fuel Gas Pipeline between the CPF to the GS
  - DN300, 15.6km, Sales Oil Pipeline connecting the GST to the Chad-Cameroon Pipeline
