Goodwell Ukraine to allocate UAH 969,000 to Kalush region for social projects (List)

The Goodwell Ukraine Social Fund was recently distributed in the Kalush district.

This was reported on the website of the [Kalush District State Administration](#), writes [PIC](#).

Commission the chairman Kalush RDA **Joan Tabanets**, head Kalush district council **Victor Hiltaychuka**, headman of the village Stankova **Roma Romanishyn**, Director for Development of Relations and Communications Ltd. "Гудвेलі Україна" **Love Bohachevsky-Jensen** and Manager of Corporate Social Responsibility Ltd. "Гудвेलі Україна" **Christina Brindy** held a remote meeting of the social committee.

"This year, two tranches were combined into one," said Lyubov Bogachevska-Jensen. "Thanks to this, we will be able to use funds more efficiently for the benefit of the community and implement larger joint projects together with village activists and local authorities."

Allocated funds for a project were calculated on the basis of the average values of the assessments of all members of the commission, taking into account the following criteria:

- The presence of a farm in the village;
- The amount of land leased by the company;
- Relevance of the project (impact on community welfare);
- Attracting co-financing;
- Online voting results.

"We have received a large number of applications for the Social Fund from communities this year. There were many important and useful joint projects, and we, of course, strive to implement as many ideas as possible, - says Christina Brinda. "Therefore, the commission decided to reduce the amount of funds for road maintenance by UAH 213,000 and add these funds for the implementation of joint projects."

Thus, the social fund 2020 in Kalush district after the added changes is: **UAH 969,000 - social projects:**

1. Voinylivska village council of OTG (village of Seredne) - Reconstruction of the heating system of Serednyanska gymnasium - UAH 40,000;
