

Hinatuan Mining Corporation

The Hinatuan mine site, also known as the "Tagana-an Nickel Project", is located in Hinatuan Island, Barangay Talavera, municipality of Tagana-an, province of Surigao del Norte. Its area of operations is within the Surigao Mineral Reservation. HMC exports saprolite and limonite ore.

The company has endeavored to be a responsible neighbor and contribute to the improvement of the lives of the communities around it not only through job-creation but also through its various environmental and social development programs. HMC was conferred by the Technical Education and Skills Development Authority (TESDA) as one of the Regional Awardees of the 2014 Kabalikatan Awards (Industry Category) for its "extraordinary efforts to promote and use technical vocational education and training in making an impact on communities and making lives better for the people."

Also in 2014, the DENR had authorized HMC to dispose the nickel ore stockpiles in its non-operational site in Manicanan Island, Guivan, Eastern Samar. Guivan was the site of the first landfall of super typhoon Yolanda in November 2013 that wreaked massive destruction and suffering for so many in the region. The stockpiles (mainly limonite ore) are from operations
