### International investment

**International investment** mainly involved the construction of domestic petroleum terminal and the investment on developing overseas oil, natural rubber and agriculture resources.

**Domestic investment:** according to the trend of energy industry development, huayue group established a wholly owned subsidiary, HuaYue weihai energy investment co., LTD., to invest and construct the oil wharf and 3 million square oil reservoir project..

□

Sets up Wei Hai Hua Yue Wood Industry Co., Ltd. which processing rosewood sculpture art furniture and craf

**Foreign investment:** Combining the domestic and international demand of the market, HuaYue group purchased a company in Cambodia in 2008, and obtained the economic concession land of ten thousand hectares to develop the natural rubber and crop planting project. And then acquitted the largest rubber processing factory in Cambodia in 2009, whose processing capacity is 20,000 tons per year.
