## Integrator

AgroTerra Integrator is the center of agribusiness development in Central Russia. Includes a full range of services for medium and small agricultural producers.

### Advance payment for crop delivery

### Agro-consulting

### Buying a crop

### Land transactions

### Sale of seeds

The Integrator's expertise is based on the ten-year experience of the AgroTerra group of companies.

At the moment, 132 representatives of agribusiness have used the services of the Integrator. In total, they cultivate 165,000 hectares of land.
