## About us

Mahali Mzuri opened in 2013 and is Sir Richard Branson's Kenyan Safari Camp located in the Motorogi Conservancy within the Maasai Mara ecosystem.

Mahali Mzuri has been set up in collaboration with the local Maasai communities and a limited number of other tourism partners. Our key priorities are to leave as minimal a footprint as possible on the land and to promote low density tourism which creates less pressure on the environment.

Our team has been working with the Maasai since the beginning of the project to ensure their full involvement. We promote and hire from the local communities and most of our staff are from surrounding areas.

Mahali Mzuri is part of Virgin Limited Edition, Sir Richard Branson's portfolio of unique retreats.

Virgin Limited Edition - the luxury portfolio of Virgin Hotels Group Limited
