

# Mara Beef

The Mara Beef company raises top quality beef on their Naret oi Farm as well as within the Enonkishu Conservancy on the edge of the Maasai Mara.

Our beef farming business is dedicated to supplying consistently high quality beef to wholesalers and consumers. We specialize in Boran, Aberdeen Angus and Zebu breeds.

We specialize in Boran, Aberdeen Angus and Zebu cattle.

For our prime beef we use a cross breed to achieve the best combination of desirable traits to produce high quality beef for our customers and consumers.

Our cattle are grass fed on open pastures and at Mara Beef we are working on engaging with the community on improving herd genetics and preventing overgrazing, encouraging effective grassland management systems.

We do mixed grades of beef up to top quality and can supply in bulk.

All beef products are available from tip to toe, including carcasses, prime cuts, beef cubes and mince.

## Buy Local

We encourage lodges in the Mara to buy top quality beef from us, supporting our "Buy Local" initiative and our Cattle, Conservation and Community development targets. We can deliver once a week or more depending on orders. We also have good deals on staff meat.

## Buy Quality

We have high quality standards and are able to supply prime cuts to high end restaurants / lodges country wide.

## Buy Quantity

We can produce in bulk and are able to do large contracts for institutions needing a regular and reliable supply of consistently high quality meat.

We work together with the Enonkishu Conservancy in a wildlife - livestock integrated approach.

We are engaging with the community to establish sustainable livestock production, reducing overgrazing and overstocking, conserving and restoring biodiversity as well as a grazing management system aimed at restoring healthy soils that:

1. Withstand drought and rebuild watersheds
2. Provide habitat for wildlife
3. Are the basis for healthy food production
4. Absorb carbon from the atmosphere, mitigating climate change
5. Support livelihoods and rural traditions
