

## INTRODUCING K GLOBAL VENTURES

Emphasizing the real meaning of KGV – globalized win-win stages managing ventures for its stakeholders, she (KGV Group) is founded fulfilling her very first mission.

***"Creating and facilitating shared business knowledge and experience in a global network for serious partnerships venturing and exploring unlimited capital."***

**Extending from her mission, her aims are to:**

- Enhance KGV capital and capacities in various business fields increasing stakeholders' values;
- Develop and diversify potential business entities; and
- Promote capital venturing for a concrete global business development.

KGV Group's team of investment professionals brings a inimitable combination of industrial experience in operations, technology, strategy, corporate advisory services, new media and international markets to its portfolio investments. The Group is led by three exclusive partners, **Uptown Brilliant Sdn. Bhd. and Uptown Supreme Sdn. Bhd.**, who focus on investment opportunities across Malaysia and international markets.

In addition to the partnership, KGV Capital has a strong working party of sustaining and supporting professionals, each of whom brings years of experience and acumen to the Group.

## THE LEADING PARTNERS

- **Uptown Supreme Sdn. Bhd.** was formed for the solid and tangible constituents - asset management. In real estate industry, she is to extend her involvement in project development while still focusing in landed property investment. With her solid human capital strength, specialized in equity research and development, she has aimed once again for her business enlargement in private equity development and investment.
- **Marhaba Restaurant SC Sdn. Bhd.**
- **Maraheb Restaurant Sdn. Bhd.**
- **Hasrat Persada Sdn. Bhd.**

## SCOPE OF FUNCTION

This is about the **Human Capital**, the asset / professionals that we had set up in teams. As elaborated, there is no boundary between companies, as we work in functional teams at different dimensions. And our scopes of functions are:

i. **Business Operations**

- It aligns overall operations and respective work functions; being the whistle blower for the quality outcome and consistent services.

i. **Customer Care**

- Being the consistent client support team, Customer Care Professionals serve simultaneously ensuring quality client servicing, rightful consultancy and industrial investment information provided and rendered. Timeliness and quality is its core value to upkeep.

i. **Finance**

- The most happening team, holds all the financial elements for balance and economical business operations and investment procedures.

i. **Management Services**

- Balancing the support stream functions, this Team provides 'cool' management in human capital, training and development, corporate planning as well as organizational development.

i. **Investment and Procurement**

- This Team is the traffic controller of consistency in product / investment quality and quantity. They are always being loaded and alert of industrial happenings and core sources.
