Agri Business

Nava Bharat (Singapore) Pte. Limited (NBS), has identified good potential for development of commercial agriculture in Tanzania, an East African country. NB Tanagro Limited, an SPV company where NBS holds a majority equity stake, in joint venture with the National Development Corporation, is implementing an integrated oil palm project in Tanzania on 10,000 hectares of land. Acquisition of 4000 hectares of land in the 1st phase is progressing. The balance 6,000 hectares will be acquired within 1 year after the 1st phase.

This project comprises oil palm cultivation, oil extraction and refining, along with cogeneration of power.
