Republic of Moldova, UTA Gagauzia,
Vulcanesti municipality, outside area

About us

AGRO – *dedication for the agricultural field*

PARC – *we have a wide variety of cereals and fruits and an impressive yield*

MANAGEMENT – *from soil preparation to harvesting, every stage is being followed and coordinated*

by our specialists based on national and European agricultural standards

The southern soils have given us the best.

Our fields and orchards are placed near to the Vulcanesti city. 1300 hectares of cereal crops and over 100 hectares of fruit trees.

Every year since its foundation, AgroParcManagement SRL has developed, researched and selected the best varieties of fruits and cereals, has extended its range of offered fruits. We can certainly say that we now have an impressive [portfolio](#) of varieties of

stone fruit. Each variety was chosen according to the criteria of attractiveness, taste and special flavor. Our fruits are demanded in commerce by major distributors, and purchased in large quantities for food production.

We are appreciated by our clients and partners due to our complete service. High-quality harvesting, packaging and storage. We have a truly dedicated team, an agricultural management at the highest level and a responsible attitude towards the environment.

The essence of our activity is to provide a trustworthy partnership.
