

Bangladesh-Cambodia Eye Joint Cooperation

Dec 27, 2010

Bangladesh and Cambodia are exploring mutually beneficial strategies as Cambodia's Foreign Minister Hor Namhong met with his Bangladesh counterpart Dipu Moni.

Bangladesh is seeking to purchase 200,000 Mt of Cambodia's rice and has requested economic land concessions while Cambodia has requested more investment from Bangladesh to process rice domestically.

Hor Namhong said Bangladesh wanted to invest in growing rice in Cambodia for future exports back to Bangladesh, requested long-term land leases for up to 99 years, such as Cambodia had already granted to other countries. The two countries would work towards an agreement to improve the bilateral trade and investment relationship that was currently quite small, he said.

Oryza.com. Trading in the rice market is a challenging opportunity where above average returns are available for educated and experienced investors who are willing to take above average risk. However, before deciding to participate in rice trading, you should carefully consider your investment objectives, level of experience and risk appetite. Do not invest money you cannot afford to lose.
