Power plant profile: Risen **Energy Battambang Solar PV** Park, Cambodia

isen Energy Battambang Solar PV Park is a 73.9MW solar PV power project. It is located in Battambang, Cambodia. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently active. It has been developed in a single phase. Post completion of construction, the project got commissioned in March 2021. Buy the profile here.

Description

The project was developed by <u>Risen Energy</u> and is currently owned by Total Eren.

<u>Risen Energy</u> Battambang Solar PV Park is a ground-mounted solar project.

The project generates 115GWh electricity and supplies enough clean energy to power 180,000 households, offsetting 50,000t of carbon dioxide emissions (CO2) a year.

Development status

The project got commissioned in March 2021.

Power purchase agreement

The power generated from the project is sold to

Electricite Du Cambodge under a power purchase agreement. The power is sold at the rate of \$0.076kWh for a period of 20.00 years, starting from 2021.
