

INTRODUCTION

PRESKO PLC – Producer of Specialty Fats and Oils

Presco is a fully-integrated agro-industrial establishment with oil palm plantations, a palm oil mill, a palm kernel crushing plant and a vegetable oil refining and fractionation plant. It was the first of its kind in West Africa.

Presco specialises in the cultivation of oil palm and in the extraction, refining and fractionation of crude palm oil into finished products.

Presco supplies specialty fats and oils of outstanding quality to customer specifications and assures a reliability of supply of its products year round. This is made possible by the integrated nature of the company's production process.

Presco is the Nigerian market leader for specialty fats and oils.

VISION

To be the Nigerian market leader for specialty fats and oils

MISSION

To satisfy needs of our customers in the food industry with respect of quality and quantity

To increase the planted area according to RSPO rules

To expand the process capacity according to the plantation expansion

To operate and act as a socially responsible corporate body

2011-2012 GOALS

To increase planted area : 1000 hectares in 2011

To improve Key operational parameters for better industrial efficiency

To successfully run the increased processing capacity of the palm oil mill to cope with the increasing production of fresh fruit bunches

To consolidate leadership using the expanded capacity of the refinery and fractionation facility
