Welcome to the site Mawash (Sudan branch)

Mawashi - Sudan branch is one of the branches of Qatar Company for Meat and Livestock Trading Company. We adopt and follow the directive, policies and objectives of the parent company, in terms of the international commitments and measurements for specification of quality and food safety.

Our investments aims to achieve and fulfill the requirements of the food security for Qatar, the Arab world, including Sudan, and also contribute in the economic development in agricultural, animal sectors, and the development of human resources in the republic of Sudan.
1. The production, manufacture and marketing of green fodder and composed dry concentrated animal feeds.
2. The exportation of chilled meat, from production sites to consumers in Qatar, and some Arab countries.
3. The establishment of modern abattoirs, and promotion of animal quarantines.
4. Trade in livestock (Halal sheep, calves, camels, etc).
5. Arrangements are going on to engage in white meat products (poultry & fishes).
6. We supervise the high techniques to assure safety and quality of our products.
7. Animal and agricultural produce.

1. Department of exports of chilled meat, and animal feed centered in Khartoum.
2. Department of mechanized rain fed farm (Abbasia Project) in South Kordufan State.
3. Sheep breeding project in open and range areas in White Nile State.
4. N.B both (2) and (3) are under the administration of Tendelti center in White Nile State.
5. Irrigated Agricultural project of Sennar state, for the production of sorghum and oil bearing seeds.
