## Senegindia SARL - West Africa

we have taken 5700 hectares of land on lease at Richard Stoll near Lake (Senegal River). Richard Stoll is situated in the western part of Senegal which is most suitable place for Potato, Onion and Ground nut as the soil is sandy in nature. During the entire year the temperature remains between 15' to 35', so the climatic conditions also helps in proper yielding.

Presently we are developing the entire land for proper yielding. Initially we are planning to cultivate Potato, onion, wheat and groundnut, but in the long run we have the planning to even cultivate rice, banana and papaya. The total land is spread over an area of 5700 hectares, the farm is about 40 Km from the Richard Stoll, Saint Luce, Senegal. We have ambitious plan to develop this land, we are going to utilize extensive scientific technologies for farming of several varieties of agricultural yield. The entire farm will be irrigated by Pivot sprinkler system with filtration plant of capacity 500 mtr. The filtration plant will control the sand content in the water supplied to the plants. The most sophisticated machineries like Rotary tillers are going to be used for de-weeding and tilling. Manned by experienced agriculturists, the produce is going to be controlled by mixing fertilizers and compost in appropriate ratio. The compost is going to be prepared in earth worm beds. All the agricultural machineries available with us are going to be used extensively for this project.

For storing the agricultural product Cold storage of capacity of 25000 MT is under plan and will be constructed as per Schedule.

We are executing work of Borewell for private parties and for Charity purpose also.(0-500 mtr drilling, 6-8 inch-hole size). We provide complete installation for submersible pump/hand pumps sets and all other types of equipments.

Besides achieving the business goal of the Company, the company is discharging its social obligations also by providing free Potable water to the villagers and their domestic animals, free Medical treatment to the needy, medicines to the domestic animals, imparting free agricultural knowledge to the local habitant , digging wells at villages free of cost to the villagers.

### Business activity

1. Agricultural Project in Richard Stoll (Senegal) farm total area 5700 hectares.
2. Bore well digging
3. Real estate developers
4. We are owning a Quarry-stone crusher Plant at Gambia.

### We have Agricultural Machinery.

1. High speed diesel machine with water pump 10 HP to 150 HP,1500 RPM
2. Low speed diesel machine with water pump 10HP to 24 HP
3. Cultivator Qty-Seven
4. Reversible three plough heavy Qty-Five
5. Seed Planter machine Qty-Six
6. Land leveler Qty-Seven
7. Water canall Qty- Five
8. Rotavator Qty- Seven
9. Automatic Potato Planter Qty- Four
10. Potato Digger machine Qty-Four
11. JCB Qty- Two
12. Center Pivot systems from Valley, Madrid-Spain-Qty-Three
13. Vegetable Vacuum Planter from Monosem MS6 double rows-Qty One
14. DG Sets from Cummins with 125 & 25 KVA capacity Qty-Eight

15. Groundnut processing machines Qty-Two
16. Pick-up 4x4 Qty- Five
17. Tractor Sonalika-Indian make 4x4 75 HP-qty Six
18. Mobile water tankers- capacity-6000 ltr- Qty-Four
19. Diesel storage tanker capacity-5000 ltr-Qty-Four
20. Green house-Qty-Six
21. Borewell(FORAGE MACHINE) with hydraulic air compressor technology-Qty-Two
22. Heavy Trucks-Qty-Six
23. Storage Yard-Qty-Two at Dakar
