Union Agriculture Group closed its fiscal year 2012/13 on June 30

The last 5 years have been extraordinary for UAG, growing from 8,000 hectares under management to 120,000 hectares, with more expansion to come in 2013 and 2014.

With agricultural commodities seeing consistent increases in demand, we're in the right place at the right time, and intend to maximise that opportunity.
