### **Qatar to consider investing in Belarusian agriculture, power engineering**

08.11.12 00:00

These are the projects proposed by the National Investment and Privatization Agency, the Ministry of Agriculture and Food, Energy Ministry and the Minsk City Council.

The parties also agreed to continue the work on the opening of the direct flight between Minsk and Doha, and to hold the negotiations between the aviation authorities of Belarus and Qatar on the issue in Doha in early 2013. The parties also agreed to hold the second meeting of the joint business council under the auspices of the Chambers of Commerce and Industry of the two countries in 2013, and organize a visit of the head of the Qatari Olympic Committee to Belarus in the first half next year.

In addition, the parties discussed the preparation for signing of the intergovernmental memorandum on cooperation in healthcare and the inter-ministerial agreement on cooperation in the financial field.

During the meeting, the Qatari side handed over to the Belarusian side the draft intergovernmental agreement in the field of labor.

The sides agreed to host the third meeting of the Joint Committee in Doha.

The trade between Belarus and Qatar has a strong momentum. In 2011 it reached \$2.5 million (export made up \$1.9 million, import was \$0.6 million). The major exports were optical products (over 60%), lumber, metal, sports gear. In January-September 2012, Qatar was supplied with the goods worth \$0.23 million (plywood, lumber, sports gear). Import totaled \$1.5 million (polymers of ethylene).

In 2011 the Belarusian export of services to Qatar amounted to \$2.2 million (air services, telecommunications, travel, education and business services). Import made up \$76,100 (hotels, communications, and education services). In January-August 2012, the export of services to Qatar amounted to \$726,000 (transportation, tourism, business, communication), import came to \$95,500 (hotels, communication).
